Precyse Unlocks Revenue and Resources at HIMSS 2015

Enterprise HIM technology, services, and education leader showcases leading technology and next generation education.

Chicago, IL., April 13, 2015— Precyse, the industry leader in Health Information Management (HIM) performance solutions, invites HIMSS show attendees to visit booth **#7316 at McCormick Place** and see how its technology and services are helping organizations unlock revenue and resources within their facilities.

Providers are invited to join Precyse for 10-minute in-booth education sessions and a Lunch and Learn Panel discussion. Attendees will learn how to transform the new era of healthcare into higher rates of successful patient outcomes and increased revenue for healthcare organizations. Additionally, visitors to the Precyse booth will witness the public debut of the next generation of healthcare education and training. Each session is quick and filled with key, concise information presented by industry experts:

How Clinical Documentation Improved Mortality Rates for Conway Regional – 10 minutes

April 13: 1 pm & 3 pm
April 14: 11 am, 1 pm, 3 pm & 5 pm
April 15: 11 am & 1 pm

Hear the account of how Conway Regional Medical Center significantly reduced its mortality rates with help from Precyse. Recounted by the leadership directly involved in the effort, learn how Clinical Documentation can be improved to positively affect a healthcare organization's patients and mortality rates.

Precyse University DNA: The Next Generation of Healthcare Education – 10 minutes

April 13: 2 pm & 4 pm
April 14: 12 pm, 1 pm, 2 pm & 4 pm
April 15: 12 pm & 2 pm

Watch as nationally recognized thought leader, Tom Ormondroyd, Precyse Vice President and General Manager of Precyse Learning Solutions, demonstrates the next-generation of the number one ICD-10 education solution, Precyse University DNA™. Precyse University DNA uses data to quickly identify performance weaknesses and opportunities to optimize coding, revenue cycle management, healthcare operations, and provider documentation processes before they hit the bottom line.

To pre-register for in-booth presentations, email rsvp@precyse.com with your name, title and facility.

Lunch & Learn Panel Discussion – Clinical Documentation Improvement: The Foundation of New Era Revenue Cycle

April 13: 12:30pm to 1:30pm – Room s504A.

Gain new insight from thought leaders, Precyse Chief Strategy and Technology Officer and event moderator, Debra Stenner and guest panelists Martin Health System Corporate Director of Reimbursement, Revenue Integrity, Medical Coding and Clinical Documentation, and Naples Community Hospital Healthcare System's HIM Director.

To reserve a seat at the luncheon, go to www.precyse.com/lunchandlearn

Unlock a surprise for you AND send a child to camp! Visitors to Precyse booth #7316 can try their luck at unlocking a treasure chest filled with American Express® gift cards. For each lucky winner, Precyse will make a matching contribution, equal to the value of the gift card, to the Muscular Dystrophy Association Summer Camp program. There are enough prizes and matching funds to send two children with neuromuscular disease to a camp and enjoy at least one week this summer in a place where physical disabilities are the norm rather than the exception. You can help a child simply by winning!

About Precyse

Precyse has enabled nearly 5,000 healthcare facilities and health systems nationwide to improve efficiency and deliver tangible outcomes for more than a decade. With products ranging from an integrated transcription and coding platform with advanced speech recognition, expert workflow technologies, and Natural Language Processing (NLP) to Health Information Management (HIM) consulting and services, Precyse's flexible software can be delivered stand-alone or complemented by a professional staff of more than 1,500 experts. Precyse is the partner hospitals across the country choose to achieve this goal. www.precyse.com
